Local Rock Legend Headlines Peninsula Music Festival August 23-25

- Robust lineup of Blues and Rock performers, food, arts and family fun
- Moonfest 2013 names local organization World Vision as benefit charity

Seattle, WA (June 21, 2013) -- [MOONFEST2013](http://www.moonfest2013.com) features a wide variety of mostly original blues and rock music. Just one hour west of Seattle and 40 minutes north of Bremerton, in a pristine setting on Lake Leland, campers will enjoy music-loving families and like-minded people escaping to the serenity of the Olympic Peninsula.

The three-day festival will feature Roger Fisher, founding guitarist of rock group Heart, and 2013 Rock and Roll Hall of Fame Inductee, playing original songs from his new album ALL TOLD and many hit songs from Heart that he co-wrote.

Other groups on the festival lineup at this annual event are: Michael Shrieve, original drummer for Santana; LeRoy Bell, whose songwriting credits include songs for Elton John and Jennifer Lopez; Echoes, an amazing Pink Floyd tribute - in SURROUND SOUND; Beth Quist, formerly a star of Cirque Du Soleil; Caspian Coberly; Blake Noble; Junkyard Jane; Lefthand Smoke; Ethan Freckleton; Alice Stuart; Dusty 45's; True Spokes; Impossible Bird; and more artists to be announced.

With beautiful Lake Leland as a backdrop, concert-goers can camp on-site, or at one of the many campgrounds nearby, in and around the Olympic National Forest. In fact, Moonfest is introducing a *Campsite Competition* that's sure to be a lot of fun! A variety of hotel choices in the area accommodate the non-camping crowd.

Along with an eclectic and diverse variety of **musical talent**, attendees will enjoy sampling **excellent food**, much of which is local, and an interesting array of **artisan crafts** from around the Puget Sound area. On-site **workshops** will be offered: Singing Artistry with Beth Quist; Songwriting and Live Performance with Roger Fisher; Yoga with Sheryl Wolover; Hand percussion with Gordy Ryan; and Photography with Eric Salas.
